FBDi offers templates for quality assurance agreement

Free and readily accessible QA-templates available for download

Berlin, August 7, 2019 – FBDi is underlining its position as solution-oriented association with neutral templates of a quality assurance agreement. The *version ‘without liability rules and terms&conditions’* is an addition to existing framework agreements, and ready for cost-free download in German and English language at

<https://www.fbd.de/agreement-on-quality-assurance-without-liability-and-gtc-regulation.html>

In addition FBDi is preparing a comprehensive version with a section *‘reference terms&conditions ZVEI and wordings regarding liability’*. This version aims at business relations that have not been negotiated between distributor and customer. Upon completion and legal review this version will also be available for download in August. Both versions were prepared with the greatest possible care by the Competence Team Quality of FBDi. More far-reaching EU-regulations drive the request of members for applicable basic rules to be able to handle the daily business. With these neutral QA assurance templates FBDi takes account of the specific needs of distribution as they are designed for the use by customers and non-organized distributors and represent a more secure and reliable cooperation.
